Report description:

Consumer health in Hong Kong is experiencing a dynamic transformation, as the city's population becomes increasingly proactive in managing their wellbeing. The return of mainland Chinese tourists has further boosted the demand for vitamins and dietary supplements, and over-the-counter (OTC) products, as consumers seek to address their healthcare and self-medication needs. At the forefront of this shift is the surging interest in sports and sports nutrition as a means to address immunity, sleep h...

Euromonitor International's Consumer Health in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
