Report description:

The market for consumer health products in the Philippines is set to continue to enjoy healthy growth in current value terms in 2024. The ongoing influence of COVID-19 has had a lasting impact on Filipino lifestyles, with health and wellbeing remaining central concerns. Prior to the pandemic, spending was largely concentrated on medicinal products like cold remedies and analgesics. However, there has been a significant shift towards lifestyle products, notably sports nutrition and vitamins. This...
