### **Report description:**

In 2024, all categories of dairy products and alternatives in Angola continue to face obstacles amid inflationary pressures on production, transportation and product prices. Nonetheless, still high birth rates, population growth, urbanisation, modern retailing advances and government investments in domestic manufacturing and infrastructure continue to pave the way for development and growth. The offer of more local products increases affordability for consumers and reduces costs for companies.

Euromonitor International's Dairy Products and Alternatives in Angola report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2028, clearly indicating how the market is expected to change.
