- Multiple User License (Global) €2985.00

Report description:

Although awareness of dietary supplements is increasing in Algeria, adoption remains limited in 2024. Culturally, Algerian consumers prefer to rely on home-made and natural remedies over supplements, which are not yet seen as essential healthcare products. Despite the growing recognition of the health benefits associated with regular supplement use, retail value sales of dietary supplements remain relatively modest. Nevertheless, the category has shown steady growth throughout the review period,...

Euromonitor International's Dietary Supplements in Algeria report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Combination Dietary Supplements, Herbal/Traditional Dietary Supplements, Non-Herbal/Traditional Dietary Supplements.
