Report description:

Digestive remedies is set to continue growing in Mexico in retail current value terms in 2024, as normal routines have resumed after the COVID-19 pandemic, such as a return to full-time working in offices. Living and working conditions, such as urbanisation and sedentary work, can influence eating habits and the functioning of the digestive system, which can lead to a need for digestive remedies. In addition, in recent years there has been an increase in public awareness about the importance of...
