Report description:

Demand for sleep aids in Chile continues to grow in 2024 and remains significantly above pre-pandemic levels. Although value growth can also be considered healthy, it falls short when compared to the remarkable figures observed in 2021, when the category experienced double-digit growth due to the impact of confinement measures on the population.

Euromonitor International's Sleep Aids in Chile report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
