### **Report description:**

Demand for wound care products in the Philippines is expected to rise in 2024 as more consumers engage in physical activities that commonly result in minor injuries. Growing levels of health consciousness, exacerbated by the pandemic, have fuelled the growth of physical fitness facilities such as gyms, cycling, and boxing studios, leading to an increase in injuries like sprains and abrasions. Additionally, the growing popularity of running, supported by the proliferation of running clubs, has co...
