### **Report description:**

Analgesics in Bosnia and Herzegovina remains highly saturated in 2024, facing increasing pressures from a demographic crisis and ongoing political instability. Despite these challenges, the category is witnessing moderate retail volume growth. Rising inflation and escalating product prices have played a crucial role in driving solid retail sales price value growth, compensating for the relatively flat consumer base. In 2024, topical analgesics have outperformed systemic alternatives, a shift dri...
