Report description:

Over 2024, despite still strong, if slower, inflation, most systemic analgesics in Colombia are projected to see good retail volume growth. Many consumers in Colombia prefer to self-medicate as the first step in treating pain. Adult acetaminophen and adult combination analgesics are performing positively. The demand for acetaminophen benefits from the alarming rise in dengue cases, while the use of combination analgesics is driven in most part by the incidence of headaches and the treatment appr...
