Report description:

Notwithstanding the strong hikes in analgesics in Greece that took place in previous years, price increases continue in 2023-2024. Many brands are registering additional double-digit increases in their prices from January 2024. Leading brands like Vian's Depon posted very strong increases in retail current value sales as a result of increases in retail selling prices in 2023. As their wholesale prices increase further in 2024, this is reflected in a new rise in the retail selling price and stron...

Euromonitor International's Analgesics in Greece report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
