Report description:

Analgesics in Hungary is showing stronger sales in 2024 as consumer demand rebounds following several years of pandemic-induced disruption. Retail volume sales have been underpinned by rising demand for affordable brands like Advil since consumers remain price sensitive. Hungarians choose analgesics to help them manage various ailments that cause pain in the body, thus avoiding visits to the doctors and spending time in waiting rooms. Analgesics are deemed to be highly effective in overcoming pa...

Euromonitor International's Analgesics in Hungary report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
