### **Report description:**

Analgesics is achieving only small positive value growth in Spain in 2024, due to a confluence of factors suppressing potential sales. Whilst analgesics is a large category in OTC and sees stable baseline demand overall, we note fewer incidences of influenza or COVID-19 in the past year than seen during the pandemic era (especially) and in the following period, as people were initially more susceptible to picking up viruses after the era of seclusion. This has affected the level of demand for an...
