### **Report description:**

Sales in dermatologicals are seeing growth in both current value and volume terms in Bolivia in 2024. The significant decline in sales during the pandemic across several category members is now recovering in terms of volume, reflecting positive indices, while value sales are driven by considerable inflationary pressures in the country. This inflation affects dermatological products in general. The rise in prices is primarily due to increased financial intermediation costs associated with the imp...

Euromonitor International's Dermatologicals in Bolivia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
