Report description:

As skin problems are quite common in Hungary, consumer interest in dermatologicals is on the rise. These products are often effective against common dermatological problems with many consumers keen to use them. Consumers rely on the recommendations of pharmacists for dermatological problems. However, with high inflation eroding purchasing power in recent years, some consumers have chosen to go without these products if they do not consider them essential or their symptoms are not too severe. Sim...

Euromonitor International's Dermatologicals in Hungary report offers a comprehensive guide to the size and shape of the market at a national level.
