Report description:

Dermatologicals saw an increase in demand in Malaysia in 2023, although performance varied somewhat by subcategory Nappy (diaper) rash treatments, for instance, saw sustained growth, driven in part by the return of more active lifestyles as people spent more time outside the home. As parents had less time to frequently change their babies' nappies, the incidence of nappy rash increased, leading to greater reliance on effective rash treatments. At the same time, the Year of the Dragon, considered...
