### **Report description:**

Paediatric consumer health is managing small positive gain in Spain in 2023, amidst challenges from the declining birth rate. Indeed, according to the National Institute of Statistics (INS), births in Spain in 2023 were at an all-time low since the beginning of 1941. Added to which, there are no national policies supporting birth rates in the country, with Spanish women postponing the age at which they become mothers and reducing the number of children they want to have. Ultimately, this is resultin...
