Report description:

The demand for weight management and wellbeing in Greece remains low. In 2024, retail volume sales continue to decrease sharply for supplement nutrition drinks and weight loss supplements. Meanwhile, meal replacement is set to post only a slight decline over 2024, following a slump in 2022 and a fast rebound in 2023. The overall performance is largely affected by strong pressure on disposable incomes amid price increases. This forces consumers to reduce spending on discretionary purchases, which...
