Report description:

Weight management and wellbeing continues to experience solid retail volume and current value growth in 2024, supported by the strong beauty and wellness trend in the Czech Republic. Category growth is mostly fuelled by slimming teas and weight loss supplements. There are only two active players in OTC obesity treatments and the development of retail sales is limited to availability. Retail value sales of Sandoz Orlistat increased well in 2023, due to high unit prices, and it is expected to main...

Euromonitor International's Weight Management and Wellbeing in Czech Republic report offers a comprehensive guide to the size and shape of the market at a national level.
