### **Report description:**

Wound care in Australia is a largely mature category, with the most significant shifts in consumer behaviour noted during pandemic-related lockdowns followed by the resumption of regular lifestyles. With sport and physical activities returning to full capacity, the demand for wound care gained marginal momentum over 2023-2024, particularly to address any grazes, blisters or muscular twinges that stem from Australians returning to physical effort after a break.

Euromonitor International's Wound Care in Australia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: First Aid Kits, Gauze, Tape and Other Wound Care, Sticking Plasters/Adhesive Bandages.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
