Report description:

In 2024, consumer demand for wound care products continues to remain stable in Bosnia and Herzegovina, despite ongoing economic pressures. The category is buoyed by the growing prevalence of self-medication and the increasing importance of convenience, both of which appeal strongly to local consumers. Bosnia and Herzegovina's shrinking population and negative demographic trends would typically challenge growth. However, the impact of rising prices amidst inflationary pressure has enabled the wou...

Euromonitor International's Wound Care in Bosnia and Herzegovina report offers a comprehensive guide to the size and shape of the market at a national level.
