Report description:

In Croatia, inbound tourism continues to play significant role in shaping consumer demand for wound care products in 2024 complementing domestic consumption. The influx of tourists to the Adriatic Coast during the summer months drives spending on preventive wound care products, thereby expanding the consumer base. Additionally, the growing trend of adventure tourism contributes to wound care's development. The category is seeing moderate retail volume growth in 2024, supported by a gradual incre...

Euromonitor International's Wound Care in Croatia report offers a comprehensive guide to the size and shape of the market at a national level.
