### **Report description:**

Yoghurt is perceived by local consumers as a clean and healthy dairy snack, and with health being the top priority for many, yoghurt producers in South Korea are shifting to reflect this growing focus. As a result, yoghurt that fails to meet consumers' health expectations is struggling to achieve higher sales, leading to flat retail value growth in the category.

Euromonitor International's Yoghurt and Sour Milk Products in South Korea report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
