### **Report description:**

Analgesics is a key product area within consumer health in Sweden, accounting for over one-fifth of overall OTC value sales in 2024. The category witnessed moderate current value growth in 2024 as concerns regarding the economy abated and inflation decreased significantly. The consumption of analgesics has returned to normal levels following the strong growth seen during the pandemic. Retail volume sales of adult analgesics have returned to growth following the declines seen in 2023.

Euromonitor International's Analgesics in Sweden report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
