### **Report description:**

Analgesics remains the second biggest category in OTC in Ukraine and the third in consumer health overall in current value terms. Analgesics, which mostly carry an OTC status, including dipyrrone, are popular for alleviating different types of pain, reducing body temperature (eg ibuprofen and acetaminophen) and for thinning the blood in senior consumers in the case of aspirin. Volume sales of analgesics were hard hit following Russia's invasion of Ukraine after which millions of consumers fled th...
