Report description:

Dietary supplements has been one of the better performing areas of Costa Rica's consumer health market in 2024, with all categories poised to register solid growth in volume terms for the year as a whole. Like with vitamins, buoyant demand is testament to the increasing tendency of people to take preventive actions to enhance general wellbeing and bolster their natural defences against illness. Notable beneficiaries of this behaviour include probiotic supplements, which are gaining popularity as...

Euromonitor International's Dietary Supplements in Costa Rica report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
