Report description:

The dietary supplements market in Slovakia is poised for robust growth in current value terms in 2024,. This optimistic outlook is supported by a more favourable economic outlook, when compared to 2023. One key subcategory to benefit from this trend are probiotics, which are widely recognised for their positive effects on gut health and overall wellbeing. Before the pandemic, probiotics were gaining significant traction, but this momentum was curbed by rising prices and a general reluctance amon...
