Report description:

In 2024, the performance of digestive remedies in Nigeria will be significantly hindered by adverse economic conditions, particularly high inflation, which has made products in this category increasingly unaffordable. Many consumers, facing reduced disposable incomes, have turned to home-made remedies for ailments like diarrhoea and indigestion, due to the widespread availability of traditional substitutes in local communities. The devaluation of the local currency has further exacerbated the si...

Euromonitor International's Digestive Remedies in Nigeria report offers a comprehensive guide to the size and shape of the market at a national level.
