Report description:

In 2024, Romania's analgesics market is expected to maintain a robust performance in current value terms, with ibuprofen continuing to dominate sales. Renowned for its effectiveness in alleviating various types of pain - including arthritis, injuries, and menstrual discomfort- ibuprofen has shown consistently strong growth. Although the market has gradually moved away from pandemic-induced spikes in demand, the versatile applications of ibuprofen, combined with its widespread accessibility, have...

Euromonitor International's Analgesics in Romania report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
