Report description:

In 2024, mineral supplements is recording strong retail volume and current value growth in Tunisia. The category benefits from growing awareness of the impact of mineral deficiencies. Mineral supplements already offer a dynamic range of products to consumers, with over 200 available in 2024 and new launches from domestic players. Recommendations from doctors to take iron, magnesium, manganese, and zinc is also supporting sales of mineral supplements in Tunisia. Pharmacists and doctors, being tru...
