Report description:

Sports nutrition is set to outperform all of the other main areas of North Macedonia's consumer health market in current value growth terms in 2024. While this is partly because sales are emerging from a comparatively low base, interest in the category is increasing rapidly as more Macedonians take up sports and fitness activities in an effort to improve their physical and mental wellbeing. At the same time, growing confidence in the efficacy of these products and rising awareness of the benefit...
