Key Highlights

Singapore Power Limited, founded in 1995, is a leading energy company headquartered at 2 Kallang Sector, Singapore. The company plays a pivotal role in Singapore's energy sector, focusing on the transmission and distribution of electricity and gas. Singapore Power operates through two primary segments: electricity and gas. The electricity segment involves the transmission and distribution of electrical power across Singapore, ensuring reliable and efficient supply to residential, commercial, and industrial users.

The gas segment manages the transmission and distribution of natural gas, supporting the energy needs of various sectors while promoting the use of cleaner energy alternatives. Singapore Power is integral to the nation's energy infrastructure, managing extensive networks that underpin the reliable delivery of essential services. The company's operations are centered in Singapore, where it contributes significantly to the country's energy security and sustainability goals. Through its robust infrastructure and commitment to innovation, Singapore Power Limited continues to enhance the efficiency and reliability of energy services, supporting Singapore's growing energy demands and sustainable development objectives.
