Report description:

In 2024, the easing of inflation levels has significantly influenced Dominican consumers' spending patterns, allowing for increased expenditure on categories that are considered non-essential. As a result, many consumers have taken advantage of private label brands, which not only offer a cost-effective alternative but also introduce new flavours and varieties, providing a means for consumers to maximise the value of their spending. This shift in consumer behaviour, driven by both economic facto...

Euromonitor International's Cooking Ingredients and Meals in Dominican Republic report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
