### **Report description:**

In 2024, cooking ingredients and meals in Pakistan enjoyed healthy retail and foodservice volume and dynamic retail current value growth. However, some categories remained more developed than others. For example, soup was still the only significant category in meals and soups at the end of the review period. There were also some gaps in the coverage of sauces, dips and condiments. Cooking ingredients and meals in Pakistan lie within a culinary landscape that is a combination of spicy flavours, r...
