### Report description:

Sunflower oil remains the most popular edible oil in both value and volume terms in Croatia in 2024. Its enduring popularity is partly explained by traditional consumption habits, in that this product type is widely used in local recipes and considered by many to be the best choice for frying and cooking. However, the high level of demand also reflects the fact that sunflower oil is generally cheaper than alternatives due to the scale of domestic production, which is concentrated in the northern...

Euromonitor International's Edible Oils in Croatia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
