- Multiple User License (1 Site) €1990.00
- Multiple User License (Global) €2985.00

### **Report description:**

Meals and soups in Pakistan is an underdeveloped category in cooking ingredients and meals. At the end of the review period, only soup registered significant retail volume and value sales, while foodservice volume sales were negligible across the board. Even within soup, dry and shelf stable remained the only significant formats, although they both registered strong retail volume growth and double-digit retail current value growth, supported by high inflationary pressure on prices.

Euromonitor International's Meals and Soups in Pakistan report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2028, clearly indicating how the market is expected to change.

Product coverage: Food Kits, Pizza, Prepared Salads, Ready Meals, Soup.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
