### **Report description:**

Meals and soups is set to experience stable volume growth in Spain in 2024, while current value growth is expected to be strong, but slower than in the previous two years, in which it was strongly impacted by the high rate of inflation. Within ready meals, both chilled and frozen ready meals are contributing to growth. Chilled ready meals is set to see volume growth primarily driven by the strong performance of private labels, which are constantly increasing shelf space and broadening their rang...
