Report description:

There have been mixed performances seen in processed fruit and vegetables in 2024. While most categories have seen a slight increase in retail volume terms sales of shelf stable tomatoes and shelf stable vegetables reported a slight decline in retail volume terms. Prices rose sharply across processed fruit and vegetables towards the end of the review period and while inflation has stabilised in 2024 many households have continued to face financial pressures which has informed their purchasing de...

Euromonitor International's Processed Fruit and Vegetables in France report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
