Report description:

In 2024, the market for sleep aids in Indonesia is projected to sustain positive growth in both retail volume and current value terms. Sleep difficulties remain widespread across several key demographic groups, including pregnant women, individuals experiencing premenstrual syndrome, and workers facing high stress and demanding job environments. For these groups, sleep aids provide a convenient solution to manage sleep disturbances, fuelling ongoing demand in the market.

Euromonitor International's Sleep Aids in Indonesia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Sleep Aids market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
