Report description:

The baked goods industry faced significant challenges due to sharp increases in raw material, labour, and energy costs, resulting in a substantial reduction in profit margins in 2024. This led to a staggering 30% decline in production and sales for neighbourhood bakeries. However, shifting consumer behaviour has favoured leavened packaged bread, particularly from hard discounters, which successfully captured a remarkable 36% share in 2024.

Euromonitor International's Baked Goods in Colombia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2028, clearly indicating how the market is expected to change.

Product coverage: Bread, Cakes, Dessert Mixes, Dessert Pies and Tarts, Frozen Baked Goods, Pastries.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
