### **Report description:**

While cooking ingredients and meals in Kazakhstan is set to register an improved result in current value growth terms in 2024, retail volume growth is anticipated to be down modestly on the previous year. This is mainly explained by events in sunflower oil, the single biggest contributor to total sales by some distance. After having fallen in 2023, unit prices for this product type have recently spiked amidst disruption to global supply chains caused by its increasing popularity as a cheaper sub...
