### **Report description:**

Flexible packaging remained the dominant pack type in the biggest hot drinks category, coffee, in Brazil in 2023, which is expected to continue to be the case throughout the forecast period. As with most other pack types, flexible packaging was growing in the hot drinks market in 2023. The success of this pack type is driven by its affordability, durability and convenience compared to alternatives such as rigid plastic.

Euromonitor International's Hot Drinks Packaging in Brazil report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Product coverage: Coffee, Other Hot Drinks, Tea.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
