Report description:

With the rapidly rising cost of living leading Hungarians to rein in food spending, overall retail volume sales of processed meat, seafood and alternatives to meat are set to decline in 2024. However, the contraction is relatively modest, as many items - mainly processed meat products - are considered basic necessities, and appreciated for their convenience. Rather than cease buying certain product types altogether, most people have made savings by trading down to cheaper alternatives within dif...

Euromonitor International's Processed Meat, Seafood and Alternatives to Meat in Hungary report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
