Report description:

Processed meat, seafood and alternatives to meat in the UK experienced another challenging year in 2023, marked by double-digit price increases. These price hikes contributed to a further decline in retail volume sales as consumers were forced to reduce purchase frequency and quantities. However, inflation sustained strong current value growth. Chilled and frozen processed poultry were the only positive performers in terms of retail volume gains in 2023, benefiting from their lower cost. In part...
