Report description:

Retail Savings & Investments in the United States

Summary

Retail Savings & Investments in the United States industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2018-23, and forecast to 2028). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- The retail savings and investments market size include balances of bonds, deposits, mutual funds, and equities remaining in a country at the end of the fiscal year. It does not include cash inflows or net flows. Life and pension assets, unquoted equity, and real estate are excluded from the market scope.
- The US retail savings & investments market recorded investments of \$68,035.7 billion in 2023, representing a compound annual growth rate (CAGR) of 8.0% between 2018 and 2023.
- The equities segment accounted for the market's largest proportion in 2023, with total investments of \$28,717.3 billion, equivalent to 42.2% of the market's overall value.
- According to GlobalData, in 2023, the US retail savings & investments market recorded an annual growth of 4.8%. The growth is attributed to the rise in consumer confidence which is encouraging consumers to invest in opportunities with higher returns, such as stocks and mutual funds as compared to traditional savings accounts.

Scope

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the retail savings & investments market in the United States
