Report description:

Baked good in Algeria is expected to register moderate constant value and muted volume growth in 2024. Though inflation has eased, consumers continue to be price sensitive and this is preventing the premiumisation trend from taking off. In addition, most of the population is rural and disposable incomes continue to be low.

Euromonitor International's Baked Goods in Algeria report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2028, clearly indicating how the market is expected to change.
