Report description:

In 2023, some areas of hair care packaging were seeing strong growth in their packaging unit volumes, including colourants, salon professional hair care and styling agents. This growth was being driven by a rising trend towards home hair care treatments and professional-grade products. While HDPE bottles continued to be the leading pack type in hair care, folding cartons were gaining share, with both pack types popular for their convenience, durability and cost-effectiveness. L'Oreal China uses...
