- Multiple User License (Global) €4050.00

Report description:

Expanding population, ageing, migration, and generational shifts are shaping Hong Kong's demographic landscape. Economic turbulences are influencing consumers consumption patterns, but the majority of consumers believe they will be better off financially in the future. The number of seniors is projected to witness a substantial increase by 2040, while life expectancy will grow and birth rates drop. Gen X is set to become the largest cohort, heavily influencing purchasing habits in the future.

Euromonitor's Hong Kong, China: Consumer Profile report analyses factors influencing national consumer expenditure. Consumer lifestyles reports include coverage of: population, urban development, home ownership, household profiles, labour, income, consumer and family expenditure, health, education, eating habits, drinking habits, shopping habits, personal grooming, clothing, leisure habits, savings and investments, media, communication, transport and travel and tourism. Use this report to understand the factors influencing a nation's lifestyle choices.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Economy market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
