**Report description:**

A key trend in the processed fruit and vegetables market in Croatia is the growing tendency of consumers to stock up on products, especially when prices are reduced. As economic pressures and frequent price increases continue to impact household budgets in the country, consumers are increasingly looking for ways to save money by purchasing items in bulk during promotions. This highlights the need for retailers and manufacturers to strategically plan their promotional activities and pricing strat...

Euromonitor International's Processed Fruit and Vegetables in Croatia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2019-2023, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
