### **Report description:**

Shelf stable beans were the only category in shelf stable fruit and vegetables that registered positive growth in Spain in 2023. As staple products in the Spanish diet, beans are widely used in traditional dishes and benefit from stable demand. The "Back to Basics" trend during economic downturns has led consumers to seek affordable, nutritious meal solutions, with beans providing a cost-effective protein source compared to meat or fish. Post-pandemic, busier lifestyles have shifted consumer pre...
