Report description:

The economic challenges in 2024, driven by inflation and rising costs for energy and food, have had a significant impact on both businesses and consumers. As inflation surged and the cost of living escalated, consumers became more cost-conscious, shifting their focus towards discounts, and reducing spending. This change in consumer behaviour was particularly evident in non-essential categories, such as sports drinks, where demand declined in 2024.

Euromonitor International's Sports Drinks in Argentina report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2019-2023), allowing you to identify the sectors driving growth.
